## Pattern notes

If you are new to knitting lace patterns, you may find it helpful to place stitch markers to show the pattern repeats. Suggested placement for the markers is given on the first pattern row. They are placed on each side of the main repeat shown in brackets. These will help you to keep track of the pattern, and to spot any mistakes before you have gone too far past the error. The pattern is written out in full as well as being shown on a chart.
